## % of Patient Population by Program

“The staff and therapists continue to assist me in achieving my number one goal daily in reaching independence.”

Special Tree patient who received residential, outpatient, and vocational services

*Patient Satisfaction Survey*

## SPECIAL TREE REHABILITATION SYSTEM

Founded in 1974, Special Tree provides subacute, outpatient, residential, home and community neurorehabilitation services and is a leading resource for adults and children with brain injury, spinal cord injury, multiple trauma, and other disabilities.

Services are based on each client's treatment plan and are not exclusive to this list. Clinical programs expand as we strive to meet the specific rehabilitation needs of each individual.

For information and referrals, call 734-564-7110 or visit [specialtree.com](http://specialtree.com)
